

NOTICE OF COMMENCEMENT

THE PROJECT

The Municipality of Kincardine is planning to upgrade the Connaught Park Sewage Pumping Station (SPS), which currently serves the northwest portion of Kincardine (see inset key plan). The proposed upgrades are required to address pumping and capacity deficiencies at the existing facility and to allow for expansion of the service area associated with the existing pumping station. The study will also examine the potential replacement of associated forcemains and trunk sewers, and upgrades at the Huron Terrace SPS.

ENVIRONMENTAL SCREENING PROCESS

The planning for this project is following the environmental screening process set out for Schedule B activities under the Municipal Class Environmental Assessment (Class EA) document. The purpose of this Environmental Assessment process is to review the appropriate service area for the Connaught SPS and resultant capacity requirements for the station and associated infrastructure, identify any potential environmental impacts associated with the proposal, and to plan for appropriate mitigation of any impacts. The process includes consultation with the public, stakeholders and government review agencies.

PUBLIC INVOLVEMENT:

Public input and comments are invited for incorporation into the planning and design of this project. For the initial phase of the project, public input will be received until July 17, 2015. As a part of the consultation component of this project, a public information meeting will be held during the course of the study. Details regarding the public meeting will be provided in a future notice. Any comments collected in conjunction with the Class EA process, will be maintained on file for use during the project and may be included in project documentation. With the exception of personal information, all comments will become part of the public record.

For further information on this project, or to review the Class EA process, please contact the consulting engineers: B.M. Ross and Associates, 62 North Street, Goderich Ontario, N7A 2T4. Telephone (519) 524-2641. Fax (519) 524-4403. Attention: Lisa Courtney, Environmental Planner. E-mail: lcourtney@bmross.net
